## Introduction

Clicker is a multiple scoring fighting discipline specific only to Kyokushinkai Karate available to men, women and children. The main reason we practice this discipline today is to build balance, co-ordination, speed and accuracy of techniques in combinations. It also encourages fighters to become more technical and to understand the importance of movement and fighting strategies when faced with opponents of all different sizes and skill levels. It also allows inexperienced fighters the opportunity to pit their skills against more experienced opponents in a safe environment thus allowing them to gain in confidence.

The aim of Clicker is to score more points than your opponent during each match. Points are awarded for correctly executed attacking techniques directed at the opponent's recognised target areas. No points will be awarded if the opponent successfully defends an attack. Some techniques will score one point; others are worth two points to encourage more adventurous fighting.

# Rules for Clicker Karate

## 1. Match Area

- a. The match area must be 8 meters square
- b. Safety mats are recommended by the IFK. They must cover the match area.
- c. The safety mats must cover an area of 10 meters squared to ensure there is a one-meter safety zone around the edge of the match area.
- d. The marking out and the position of the fighters and the judging officials and table officials are shown later in the document.

## 2. Clothing and accessories

All fighters must wear a clean white karate Gi during each fight.

All karate Do Gi's must have the Kyokushin calligraphy badge, the IFK badge and where required the country of origin badge sewn on in the correct places.

In order for the judges to distinguish between the fighters they will be required to wear either a white or red belt.

All fighters must ensure their finger and toe nails are cut short.

All fighters must ensure that they are not wearing any jewellery (such as rings, earrings, and watches that may cause injury to their opponent or themselves). The Match Referee's decision is final.

Fighters may wear only soft hair bands.

g. Hand mitts, groin protectors (boxes), shin and instep pads must be worn by each fighter.

h. Women must wear a recognised breast protector.

i. Eye glasses (spectacles) are not allowed to be worn by fighters.

Soft contact lenses may be worn at the fighter's own risk.

Fighters can wear no bandages or supports unless agreed by the organisers before the fight. This will only be agreed in extreme circumstances.

### 3. Who can enter Clicker – categories

The minimum grade for a clicker fighter is 8<sup>th</sup> KYU (blue belt). The categories are:

- a. Adult Men (16 +)
- b. Adult Women (16+)
- c. Cadet – (16 and 17 year olds)
- d. Junior - (10 to 15 year olds)
- e. Peewee - (8 and 9 year olds)

### 4. Methods of Match

There are two types of match, the individual match and the team match.

#### a. Team match

Each male team shall normally consist of 5 members (Fighters). Each female team shall normally consist of 3 members (fighters). The Cadet category is a mixed sex category. Each cadet team shall normally consist of two boys and one girl. In the cadet category boys will not normally fight girls. The Peewee category team shall normally consist of three members from either sex. In the Peewee category girls are allowed to fight boys. (These are guidelines and maybe altered if required by national tournament organisers i.e larger teams , girls v boys and so on )

Each team may also have a reserve fighter (clearly nominated on the original entry form) who can be used if another team member is unable to carry on fighting due to injury.

Team members can win, lose or **draw** their respective matches, unlike individual matches where the fighters can only win or lose. (refer to section 17)

Each team should have an appointed Team Representative. This can be a team captain (fighter) or a team coach (non-fighter).

The Team Representative must have the skills to be able to lead, manage and co-ordinate his fighters so that they are in the right place at the right time dressed correctly. In the past, late arrival at the Match Area has led to the whole team being disqualified from the event.

The list of team members and the team representative (the entry form) should be submitted to the event organisers well before the event at a time decided by the event organisers (usually two weeks before).

During the competition it is the responsibility of the team representative to ensure they submit the required documentation to the event organisers by the allocated times, and be available for discussion before, during and immediately after the event.

The team representative is responsible for the whole conduct of his team during the event. He must ensure that the fighters are ready for each match at the required time, dressed appropriately and ensure that each fighter complies with the event officials at all times.

The team representative must ensure that his team members follow the fighting order correctly. If there is a mix-up and a team member fights the wrong opponent, the whole team will be disqualified from the

event.

Once the fighting order has been submitted to the table officials by the team representative it cannot be changed.

The team with the most number of wins decides the team match result. If at the end of the match the teams are even, a fighter from each team will be selected by the team representative to fight a deciding match. If that match is a draw then the process will be repeated until there is a clear winner. There is an exception to this rule for mixed teams where males fighters are not allowed to fight female fighters e.g. for Cadet teams. In these circumstances the tournament referee will call the team representatives together to draw lots as to whether the deciding fight is male or female. For further clarification contact the World Chief Referee.

If a team enters a competition with less fighters than is expected by the organisers (i.e. 3 men in a 5 man team or 2 women in a 3 woman team), then the first fights will be automatically given to the opposing team. A team cannot enter the competition if they do not have more than half the team members required .

#### b. Individual match

Each fighter should have an appointed representative. This can be either himself or a coach.

In an individual match a win for either AKA or SHIRO must be scored. It cannot be a draw.

## 5. Duration of the Match

- All matches will last a total of 2 minutes.
- The Chief Referee may shorten the match length to either 1.5minutes or 1 minute if required.
- There will be no extra time allowed for a match
- The timekeeper stops the clock (pauses the fight) on every command YAME given by the Match Referee, and re-starts the match when he/she issues the command HAJIME.

## 6. Target Areas

Target areas are parts of the body where points can be scored by using correct techniques. These target areas are as follows:

The top of the head  
Side of the head  
Chest  
Abdomen  
Back

## 7. Point Scoring Techniques

Clicker fighters can score either one point or two points for each correctly delivered technique. Two point techniques are encouraged. If a fighter executes a two-point technique, which the Match Referee believes is a valid technique, he will

automatically stop the fight (YAME) and send the fighters back to their starting positions. The Match Referee will confer with his other judging team and award (or not) the points accordingly.

Points will be awarded for each clean decisive technique scored during the match.

Points will only be awarded for techniques using the closed fist and the correct part of the attackers foot on their opponents target area.

For attacks to the head there must be no contact at all.

For attacks to the chest, abdomen and back there must be Gi contact (this means minimal body contact)

Points will only be awarded if the fighter completes a full technique. A full technique must include a controlled extended attack to the target area followed by a full pull back of the attacking hand or foot.

All attacks must have good form, good attitude, strong vigour, proper timing, and adequate distance.

All attacks must be pulled back without being blocked when the technique is being delivered and on its return.

Points can only be scored when both contestants are in the match area.

An effective technique delivered with the time-up signal (the Match Referee's command YAME) will be recognised as valid.

#### 7.1 Point Scoring Hand Techniques

**Top of the head** – the only technique allowed is:

TETTSUI OROSHI ATAMA UCHI.

**Side of the head** - the only techniques allowed are:

TETTSUI YOKO UCHI.  
URAKEN ATAMA UCHI  
URAKEN MAWASHU UCHI

**Chest, Abdomen, Back** – the only techniques allowed are:

SEIKEN OI TSUKI CHUDAN  
SEIKEN GYAKI TSUKI CHUDAN  
SEIKEN OI TSUKI GEDAN (only if the opponent is downed following a leg sweep)  
SEIKEN GYAKI TSUKI GEDAN (only if the opponent is downed following a leg sweep).

#### 7.2 Point Scoring Leg Techniques

**Top of the head** – NO TECHNIQUE ALLOWED

**Side of the head** – the only techniques allowed are:

MAWASHI GERI HAIKOKU JODAN  
USHURO MAWASHI GERI CHUSOKU JODAN (180 degree)

KAKE GERI CHUSOKU JODAN, UCHI HAIKOKU GERI. JODAN

**Chest, Abdomen, Back** – the only techniques allowed are:

MAWASHI GERI HAIKOKU CHUDAN  
MAWASHI GERI CHUSOKU CHUDAN  
KAKE GERI CHUSOKU CHUDAN  
USHURO GERI CHUDAN (with complete pullback)  
MAE SOKUTO GERI CHUDAN(mae yoko geri chudan)  
MAE GERI CHUSOKU CHUDAN.

7.3 Which techniques score two points?

**Hand Techniques (2 points)** – The following hand techniques delivered to the opponents back score 2 points:

SEIKEN OI TSUKI CHUDAN  
SEIKEN GYAKI TSUKI CHUDAN

The following hand techniques to the opponent's chest, abdomen or back when the opponent is on the floor immediately following a leg sweep score 2 points:

SEIKEN OI TSUKI GEDAN  
SEIKEN GYAKI TSUKI GEDAN

**Leg Techniques (2 points)** - The following leg techniques delivered to the side of the head score 2 points:

MAWASHI GERI HAIKOKU JODAN  
KAKE GERI CHUSOKU JODAN  
UCHI HAIKOKU GERI. JODAN  
USHURO MAWASHI GERI CHUSOKU JODAN (180 Degrees)

A two point score may not always be awarded for the above technique if the pullback of balance is not perfect. On these occasions 1 point will be scored in order to encourage fighters to attempt these more difficult techniques. The fight does not need to be stopped if the technique only scores 1 point.

7.4 Leg Sweep Techniques ( ASHI BARAI)

The only time a fighter may make physical contact (apart from blocking techniques) with their opponent is when attempting a leg sweep technique. The only leg sweep technique allowed in Clicker competition is the ASHI BARAI TEISOKU. Here the arch of the attackers foot must strike the opponents leg in the area from their ankle joint to below their knee joint. It must be immediately followed up by a scoring technique in order to gain a points advantage.

7.5 360-degree techniques

These techniques are not allowed. However, 180-degree techniques are allowed as long as the attacker returns to his pull back position after making the attack from the direction he originally came from.

## 7.6 Circular Movement Techniques

Techniques delivered with a circular movement *that pass in front of the face* are not allowed. They are foul techniques.

## 8. Following Acts and techniques are NOT allowed

- Any contact to the face or head
- Attacks to the groin
- Direct attacks to the face
- Circular movement techniques that pass in front of the face
- Attacks to the hip joints, elbow, wrist, knee joints and the instep
- Any 360 degree attacks (except for the USHURO GERI CHUDAN with complete pullback)
- Any open hand techniques
- Any elbow techniques
- Any attack below the belt (except for ashi barai)
- Any throws
- Any grabbing or holding
- Any unsportsmanlike behaviour
- Repeatedly leaving the Match Area (JOGI)
- Uncontrolled fighting techniques
- Disrespectful attitude to other competitors or officials ( swearing etc )
- Failure to obey the Match Referees orders

## 9. Fouls and Disqualification

If a fighter commits a foul technique or any of the acts listed in section 8 the Match Referee has the power to award a CHUI or a GENTEN. A CHUI is best described as a verbal warning (with no penalty) whilst a GENTEN does have a penalty. A CHUI can be awarded at any time during the fight and cannot be escalated. A GENTEN on the other hand can be given in three differing degrees.

- 1<sup>st</sup> Genten Ichi – 1 point (1 click)
- 2<sup>nd</sup> Genten Ni – 2 points (2 clicks)
- 3<sup>rd</sup> Genten - Disqualification (Hansoku or Shikkaku)

A Hansoku is a disqualification from the Match, and is generally awarded when a fighter has accumulated a number of minor fouls, which have been repeatedly penalised with no visible response by the fighter to these warnings. If a fighter gets penalised through a Hansoku he/she should feel embarrassed by his/her actions.

A Shikkaku is a disqualification from the tournament, and is generally awarded when a fighter commits a dangerous act designed to cause injury to his opponent or when he shows little or no respect for the rules of Clicker, to his opponent, to the officials or brings Kyokushinkai Karate into disrepute. If a fighter gets penalised through a Shikkaku he/her should feel ashamed by his actions.

If a technique deserves an instant disqualification (Hansoku or Shikkaku) then the referee may award this without any other GENTEN being given. If he/her awards a Genten Ni straight away for a foul technique then the next foul that the fighter commits will be a disqualification (unless a CHUI is awarded).

The Match Referee will give a warning of fouls and announce a GENTEN when a contestant is about to, or has already committed a prohibited act:

If a fighter commits a GENTEN or any of the acts and techniques listed in section 8, then the referee has the power to award the other fighter extra points or even award him the Match itself.

Before announcing a disqualification or awarding a two-point technique the Match Referee must confer (either verbally or by hand signal) with the Mirror Referee.

## 10. Tournament Officials

Tournament officials can be of either sex, male or female.

Medical Staff  
Chief Referee  
Announcer  
Tournament Co-ordinator

### **Each Match area must have:**

- Head of Match Area
- Timekeeper (with bean bag/horn blower assistant)
- Area Announcer/Fighting draw co-ordinator
- Match Referee
- Mirror Referee
- Match Arbitrator

## 11. Injuries or accidents during the match

If a fighter is clearly injured during a fight the referee will stop the fight and a Doctor will be called.

If the injury is caused by a foul technique delivered by the injured fighters opponent, the Match Referee will decide on how to penalise the opponent. If the injured fighter can carry on fighting the fight will continue. If the injured fighter is unable to carry on with the match, the opponent will lose the match.

If the injury is sustained without a foul technique being executed then the fight may continue if the Doctor is happy that the injury is not too serious to disallow the fight to continue.

When a fighter suffers a minor injury not serious enough to disable him/her, but he refuses to continue with the match he shall be declared the loser

If, in the opinion of the main referee a fighter feigns injury and tries to get his opponent disqualified, the match referee has the option to disqualify that fighter from the Match, and the tournament as a whole.

If both contestants are injured at the same time without either committing a foul technique, both will be given the opportunity to continue with the match. If neither fighter can continue the match will be declared a draw. In the case of an individual tournament the Chief Referee will be consulted and a winner will be declared. If one of the fighters can continue but the other cannot, then the fighter who is able to fight on will win the match.

A contestant who is unable to continue to fight for reasons other than injury or who requests for permission to quit the match will be declared the loser.

## 12. The Judging Officials

Each fight will be monitored by three officials, the Match Referee, the Mirror Referee and the Match Arbitrator. Each judging official owes it to the competitors to be highly professional and consistent in their decision-making. Each judging official is also responsible for the safety of the competitors, the other officials and the audience. It is essential that they hold the recognised refereeing qualifications to fulfil their positions, and are conversant with any rule amendments that are published periodically by the World Chief Referee.

### Qualifications Required

#### **Match Referee**

To become a match referee the individual must be over the age of 18, hold the recognised IFK Clicker Refereeing qualifications and must hold the rank of IFK black belt.

#### **Mirror Referee**

To become a mirror referee the individual must be over the age of 18, hold the recognised IFK Clicker Refereeing qualifications and must hold the rank of IFK brown belt. or above.

#### **Match Arbitrator**

To become a match arbitrator the individual must be over the age of 18, hold the recognised IFK Clicker Refereeing qualifications and must hold the rank of IFK black belt.

### Roles and Responsibilities

#### **Match Referee**

A Match Referee will be appointed for each match.

He/she takes the bows for the judging officials

He/she gives all verbal commands during a match

He/she awards all 2 point scores, Gentens and Chui's

He/she starts and stops the match

At the end of the match he/she awards the score

### **Mirror Referee**

A Mirror Referee will be appointed for each match.

The Mirror Referee will stand facing the main referee on the command HAJIME. He/she will observe for any points, fouls or infringements and give the necessary gesture to communicate with the referee.

He/she will not communicate with the fighter during the match

He/she will communicate with the Match Referee during the fight using hand signals, and may be asked by the Match Referee to confer verbally when necessary.

At HANTEI he/she will indicate by extending his arm down to the side of AKA or SHIRO or HIKIWAKE (team match only refer to section 17).

### **Match Arbitrator**

A Match Arbitrator will be appointed for each match.

He/she is appointed to ensure the fairness of matches and to oversee the final decision of the match referee with respect to the result of each fight. He/she has the power to overturn a Match Referees decision.

This position is usually taken by an experienced referee

He/she will be seated and note any warnings and will occasionally be asked to take note of the number of 2 point scores attained by each fighter.

He/she will oversee the operation of the match and the decision of the referee. When necessary he/she may express his opinion to the referee and will make the decision as to the winner of a fight in the event of a draw.

When he/she receives a protest against a decision from the coach of a team (during a match) he/she will review the complaint, may call for an explanation from the referee and in case he finds the decision patently unreasonable, he/she may demand the match referee to revise the decision.

## **13. Conduct of The Match – The Fighters**

- a. The announcer will call the fighters or teams to stand by the edge of the match area.
- b. The Match Referee calls for the competitors to enter the area using the term NAKAE.
- c. For the fighters the referee shall gesture and use the term, SHOMEN NI REI

(bow away from referee saying osu), SUSHIN NI REI (bow towards the referee saying osu), OTAGNI REI (bow to each other saying osu) take a fighting position on the command KAMITE, and on the command HAJIME the match will begin.

- d. This procedure is different for team events. For team events the bowing procedure is done as a team outside the match area. The team must be lined up in fighting order with the first fighter furthest away from the Match Referee. The first fighter will be called to the starting position by the match referee using the term NAKAE and the rest of the team will sit/kneel down outside the Match Area.
- e. From the start of the match, the fighters will only take instructions from the Match Referee.
- f. If the Match referee gives the command "YAME" the contestants must return to their starting positions and wait for instructions from the Match Referee.
- g. A bell will ring 30 seconds before the match end.
- h. The match referee issuing the command YAME will signal the end of a Match. (The Match referee will be informed that the Match should be ended by the timekeeper blowing a horn and at the same time by the timekeeper throwing a red beanbag into the fighting area). It is vital that the fighters only take notice of the Main Referees command "YAME", as the other signals are only for the referees benefit.
- i. At the end of the match the fighters will return to their start positions and await the match result. The match referee will communicate the match result. On receipt of the result the contestants will bow to one another and leave the match area. They may shake their opponent's hand and his coaches' hand.
- j. A decision will be made at the end of each match
- k. Protests can be made during a match by the team representative approaching the match arbitrator – in exceptional circumstances only.

## 14. During the Match – The Officials

For the duration of the fight, the Match Referee and the mirror referee will be standing within the fighting area, whilst the match arbitrator will be sitting down in front of the timekeepers table, right of centre to the match area outside the fight area observing the fight.

At the start of the fight the Match Referee will always have his back to the arbitrator, whilst the mirror referee will be opposite him facing the Match Referee and the match arbitrator.

During the fight only the match referee will communicate with the fighters.

During the match the judging team will only communicate with each other. They will not speak to spectators or other persons, except the arbitrator who may speak to the team manager or team captain when a protest is made.

Both referees will score the fight using their hand held clicker counters.

Both referees and the arbitrator must be absolutely neutral and impartial.

## 15. Conduct of the Match – Judging Officials

The Match Referee will call for the Mirror Referee and Match Arbitrator to bow to begin using the terms SHOMEN NI REI, step forward and turn. SHUSHIN NI REI. Positions are taken.

The Match Referee calls for the competitors to enter the area as mentioned in section 13.

Once the match is underway the Match Referee will communicate with the fighters. He/she will issue the command “YAME” if he wants to stop the fight. When he wants the fight to re-start he issues the command “HAJIME”.

At the end of the match the Match Referee gives the command “YAME” and fighters return to their fighting positions. The Match Referee and Mirror Referees look down at the scores on their clickers to determine which fighter has the highest score. The arbitrator stands up and moves to his right and asks the referees for their decision by saying “HANTEI ONEGASHIMASU”. The arbitrator then blows his whistle twice (one long beep followed by a short beep) and immediately the short beep ends both referees and the arbitrator indicate their decision by moving one of their arms in a low position to the fighter they deemed to have won the Match. If there is a majority decision then the Match Referee will step forward and indicate the winner by saying AKA or SHIRO KACHI and brings his hand up at 45 degrees pointing towards the winning side.

In team events only a match maybe drawn. (Refer to section 17)

Neither Referee will consult with one another on HANTEI; they will look at their own clickers (keeping their heads looking at the floor) and give their decisions according to whom they awarded the most points. After the decision they must not rewind the clickers until the arbitrator has seen them. (If required to do so)

If the referees both choose the same fighter as the winner, then the result stands. If one says AKA and the other SHIRO then the arbitrator’s vote will count.

Taking the majority decision the referee will then step forward and indicate by raising his arm to the side of the winner, using the term AKA/ SHIRO KACHI.

In a team event a match official indicates a drawn match by crossing his arms in front of his body. If the referee decides the match result is a draw he/she crosses his arms in front of the body and says the word HIKIWAKI (draw).

## 16. How to use the Clicker

- Both the Match Referee and the Mirror Referee will have two hand held point counters (clickers), one with a white ribbon (representing points to the fighter wearing the white belt) and the other with a red ribbon (representing points awarded to the fighter wearing the red belt). The Match Arbitrator does not have a clicker.
- It is the responsibility of each referee to ensure his clicker counters are working correctly.
- When a Match or Mirror Referee sees a fighter execute a one point scoring move he will press his hand held clicker once to register the point and the fight will continue uninterrupted.
- When a Match Referee sees a fighter execute a two point scoring move. He will stop

the fight; the referees will confer with one another to check they both agree that the fighter deserves to be awarded the two points. If they agree then the two points are awarded.

- The referees must at all times ensure that the clicker that counts a fighters points is always on the same side as the fighter. At the beginning of the fight the match referee will have the AKA clicker in his right hand and the SHIRO clicker in his left hand. During the match the fighters may well end up switching positions by circling one another and hence the referees clickers will be on the wrong side. If this happens it is vital that the referees cross their arms in front of their bodies to demonstrate to all people present that they are aware of this fact and are not clicking the wrong counter when a scoring technique has been executed. No other method is acceptable.
- The clicker counters must not be turned back to zero by either referee until a decision has been made on the outcome of the Match.

## 17. In the event of a points draw

A Match may be drawn in a team event when there is not a majority decision from the Main Referee Mirror Referee and Match Arbitrator

Example 1 - Main Referee gives a Hikiwaki (same score on each Clicker) the Mirror Referee gives Aka and the Arbitrator gives Shiro = Hikiwaki

Example 2 - Main Referee gives Shiro the Mirror Referee gives Aka and the Arbitrator gives Hikiwaki (the Arbitrator feels they cannot Give the win to Aka or Shiro using the critireor listed below in points a to g) = Hikiwaki

There may not be drawn for an individual event. For an individual event where a Match Referee or a Mirror Referee see (by looking at their clickers) that both fighters have scored the same number of points they will have to make a decision on the spot by taking into account the following factors.

The number of escapes outside the match area

Whether there has been a warning due to a foul

The comparative excellence in fighting attitude

The ability and skill as a clicker fighter

The degree of vigour and fighting spirit

The number of appropriate attacking moves

The comparative excellence in clicker fighting strategy

As the Match Arbitrator is not required to use clickers he will only be able to make his decision using the points above. This ensures that close fights are always awarded to the best clicker fighter.

## 18. Other Matters

Matters relating to judgement not prescribed in these rules and the rules for operation will be discussed among the arbitrator and referees and the chief referee of the day.

## 19. Objections

During a match objections/protests must be raised by the team representative to the match arbitrator without a moments delay after a decision of the verdict in question. No objection raised after the end of the match will be valid.

## 20. Equipment

### Match Area

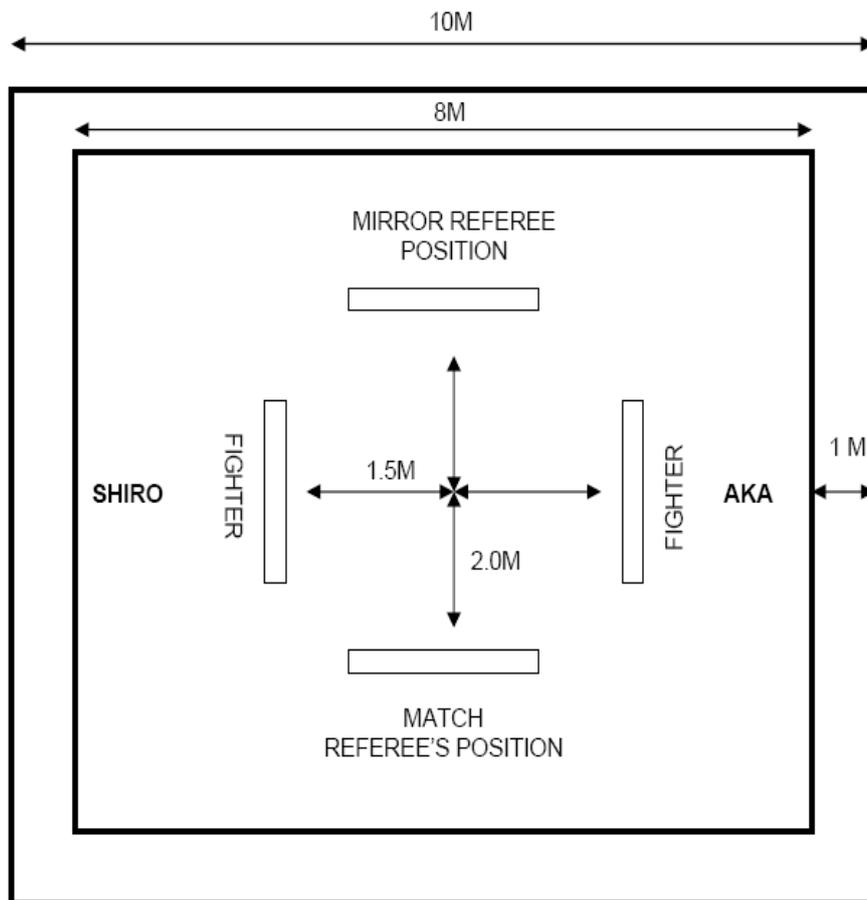

- 1 x Large Table (over 2 metres long)
- 4 x Chairs
- 1 x Horn
- 1 x Red Bean Bag
- 1 x Set of mats
- 3 x whistles
- 1 x Clock with stopwatch
- 1 x 30 second bell
- 4 x clickers with red and white ribbons
- 1 x red belt
- 1 x white belt

### Administration Area

- 1x Large Table (over 2 meters long)
- 4x Chairs
- Announcer PA system
- 4 x spare belts
- 4 x spare mits, hand protectors, chest protectors, shin/instep pads
- 4 x spare clickers

## APPENDIX 1

### THE MATCH AREA AND THE POSITIONING OF THE REFEREE, THE JUDGING OFFICIALS AND FIGHTERS

MATCH ARBITRATORS POSITION

TIMEKEEPER & ASSISTANT

**APPENDIX 2**

**COMMUNICATION SIGNALS BETWEEN MATCH & MIRROR REFEREE**

**TECHNIQUE WAS TOO FAR AWAY**

**TECHNIQUE WAS TOO CLOSE  
(HANDS ARE CROSSED & OPEN IN FRONT OF BODY)**

**AIUCHI  
BOTH FIGHTERS SCORE AT SAME TIME**

**JOGI – GOING OUT OF MATCH AREA  
(POINTING TO EDGE OF AREA)**

**POOR TECHNIQUE  
(NOT GOOD ENOUGH TO SCORE)**

**FOUL SEEN BY MIRROR REFEREE  
(FINGER CIRCLES)**

**BLOCKED TECNIQUE**

**EXCESSIVE CONTACT**

**START OF SIGNAL**

**END OF SIGNAL**

**TORIMASEN  
TECHNIQUE DID NOT SCORE**

**2 POINT SCORE  
(MIRROR REFEREE)**

**AWARDING OF FOULS AND DISQUALIFICATION BY MATCH REFEREE**

**CHUI – VERBAL WARNING  
(POINTING AT FEET)**

**GENTEN ICHI AND GENTEN NI  
(POINTING AT CHEST)**

**GENTEN HANSOKU  
(POINT AT FIGHTERS FACE)**

**GENTEN SHIKKAKU  
(AS PER HANSOKU BUT THEN POINT BEHIND REFEREE'S BACK)**
